WEST SIDE PARK, JERSEY CITY, N. J., April 29.—Under a smiling sky the Eastern League season opened in Jersey City today, with the Skeeters and Providence teams crossing bats.

The grand stand was a mass of color. Half an hour before the game the bleachers were full and the grand stand was filling.

The Skeeters were first on the field. All the "clay" came in for cheers. "Bob" Davis and a host of Democratic politicians came to the game in an outlying van. Before the game Holden's Band shattered the air about the home plate and the crowd, in holiday spirit, sang the national anthem.

President "Pat" Powers was an early arrival. With him he had as guests President Pullman, of the National League, and President Ben Johnson, of the American League.

Although the game was scheduled to start at 2 P. M. it was not until 2:30 that Manager Joe Bean, of the Jersey City team, and Manager Duffy, who makes up Providence, called the year, and the game started.

R. Edgren COLUMN

S O Police Commissioner O'Keefe won't have Sunday baseball in Brooklyn.

Well, there's no doubt the Commissioner is right. Sunday baseball is terribly demoralizing. When a boy or a man works all through the six business days of the week he ought not to be allowed to go out and run his legs off playing a laborious game like baseball on Sunday afternoon.

But this Sunday ball playing must be discouraged at any cost. It is ruinous to his complexion. Any one who goes out in a field to play through an afternoon is likely to be exposed to the sun and the wind.

And it is a well-known fact that sun wind produce freckles. It would be terrible if Brooklynites were known by their freckles every time they crossed the bridge.

Instead of being out in a field playing the sinful game of baseball on Sunday afternoon boys should stay around somewhere or other and learn how to do something useful-like smoking cigarettes.
